Taking care of your product

Your furniture should require no more than a regular dust off with a soft cloth. If the furniture is not painted then a superior wood polish can be used - but never use polishes containing silicone.

If necessary it can be cleaned with a damp cloth with a mild detergent solution - and then dried with a lint-free cloth. Never clean with abrasives or chemical cleaners.

Direct sunlight or heat from a radiator can stain, discolour warp or crack furniture.

We know furniture can be heavy but try not to drag furniture across the floor as this can damage it.

PRODUCT SAFETY

Periodically check all fittings to ensure that none have come loose.

Keep away from direct sources of heat, such as electric, gas or wood fires.

Do not allow children to climb on the furniture. Larger items of furniture should be properly (and professionally) secured to the wall to prevent them toppling over. Using this furniture other than for its intended purpose could cause damage to the structure or serious injury to your child.

The furniture should not be used if any structural part is broken or missing.
