PLEASE READ CAREFULLY & KEEP FOR FUTURE REFERENCE

Thank you for buying a **Little Folks** piece of furniture

Treated properly it should be a faithful servant for years - and we hope you get the same amount of pleasure from it. Before you do

- please take a few minutes to read these instructions
- we suggest you carefully unpack everything, lay it out on a clean, flat floor and identify everything on the parts list in these instructions. Do not throw away any packaging until you are sure you have all the parts.

If you have any problems assembling the product please call our customer services on 01985 300588 and we will try and help. If for any reason you wish to return the product, you must disassemble the product and pack in the original packaging.

Taking care of your product

Your furniture should require no more than a regular dust off with a soft cloth. If the furniture is not painted then a superior wood polish can be used - but never use polishes containing silicone.

If necessary it can be cleaned with a damp cloth with a mild detergent solution - and then dried with a lint-free cloth. Never clean with abrasives or chemical cleaners.

Direct sunlight or heat from a radiator can stain, discolour warp or crack furniture.

We know furniture can be heavy but try not to drag furniture across the floor as this can damage it.

PRODUCT SAFETY

Periodically check all fittings to ensure that none have come loose.

Keep away from direct sources of heat, such as electric, gas or wood fires.

Do not allow children to climb on the furniture. Larger items of furniture should be properly (and professionally) secured to the wall to prevent them toppling over.

Using this furniture other than for its intended purpose could cause damage to the structure or serious injury to your child.

The furniture should not be used if any structural part is broken or missing.

Tools Req

Screwdriver

Switching the door opening.

The door is pre-fitted hinging the door on the left hand side. If you wish to have the door opening on the opposite side simply unscrew the four screws that connect the hinge plates to the cabinet side, rotating the door and reconnect into the four holes provided on the right hand carcass side.

Adjusting the door

To adjust the door just follow the below options, A,B & C.

A. Loosen the two screws on the hinge plate moving the plate up or down on the carcass side

B. Turning the forward screw in or outwards moves the door sideways within the carcass frame.

C. Loosen the rear screw will allow the door hinge to slide forwards or backwards on the hinge plate. Simply move the hinge to bring the door forwards or inwards within the carcass frame.

Locate the Unit

Gently lift the carcass into location. Fix the wall strap to the rear of the carcass and connect to the wall.

Little Folks Furniture do not supply wall fixings due to the wide ranging differences of wall construction.

Warning: This work should only be carried out by a competent person or a professional.
