

Little Folks

- FURNITURE -

Fargo Study Desk

Code: DSK005

PLEASE READ CAREFULLY & KEEP FOR FUTURE REFERENCE

Thank you for buying a **Little Folks** piece of furniture

Treated properly it should be a faithful servant for years - and we hope you get the same amount of pleasure from it. Before you do

- please take a few minutes to read these instructions
- we suggest you carefully unpack everything, lay it out on a clean, flat floor and identify everything on the parts list in these instructions. Do not throw away any packaging until you are sure you have all the parts.

If you have any problems assembling the product please call our customer services on 01985 300588 and we will try and help. If for any reason you wish to return the product, you must disassemble the product and pack in the original packaging.

Taking care of your product

Your furniture should require no more than a regular dust off with a soft cloth. If the furniture is not painted then a superior wood polish can be used - but never use polishes containing silicone.

If necessary it can be cleaned with a damp cloth with a mild detergent solution - and then dried with a lint-free cloth. Never clean with abrasives or chemical cleaners.

Direct sunlight or heat from a radiator can stain, discolour warp or crack furniture.

We know furniture can be heavy but try not to drag furniture across the floor as this can damage it.

PRODUCT SAFETY

Periodically check all fittings to ensure that none have come loose.

Keep away from direct sources of heat, such as electric, gas or wood fires.

Do not allow children to climb on the furniture. Larger items of furniture should be properly (and professionally) secured to the wall to prevent them toppling over. Using this furniture other than for its intended purpose could cause damage to the structure or serious injury to your child.

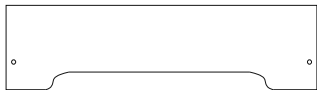

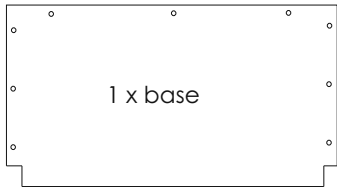

The furniture should not be used if any structural part is broken or missing.

Little Folks Furniture do not supply wall fixings due to the wide ranging differences of wall construction.

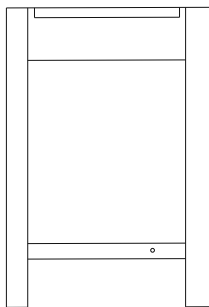

Warning: This work should only be carried out by a competent person or a professional.

Parts

1 x Lower shelf

1 x Left frame

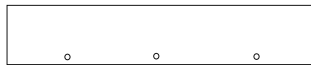

1 x Right frame

1 x Lower brace

1 x Rear rail

1 x Rear shelf

Fittings

4 x Dowels

2 x Large Cams

2 x Large Cam Pins

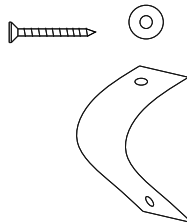

15 x Bolts 3.5cm

5 x 4cm screw bolts

2 x 5cm screw bolts

1 x Wall strap kit

Tools Req

Screwdriver

1 x Allen Key
supplied

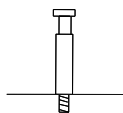

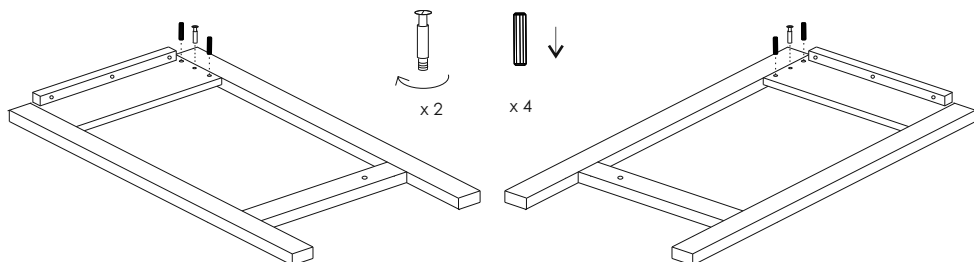

Bradawl

Fit the sides

2 x cam pins and 4 x wooden dowels

Screw the cam pins into the central holes on the sides as shown. Now insert the 4 x dowels into the larger holes each side of the cam pin holes.

Rotate Cam in up to shoulder

Fit the rear rail

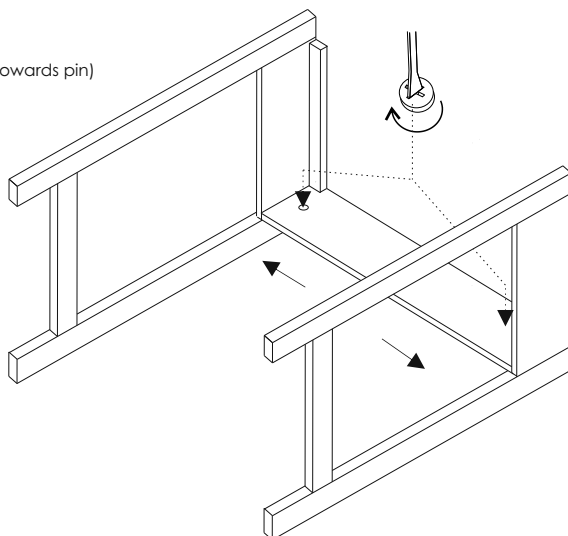

2 x cams

Align the rear rail on to the cam pin and dowels and push the parts together. Once firmly together insert the cams into the holes and rotate to secure.

step 1 (directional arrow pointing towards pin)

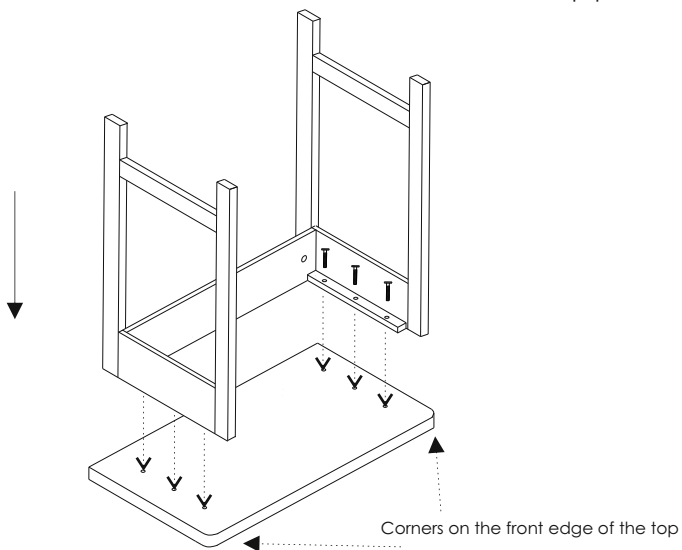

step 2 (Rotate to tighten)

Fix the top

6 x bolts (two people)

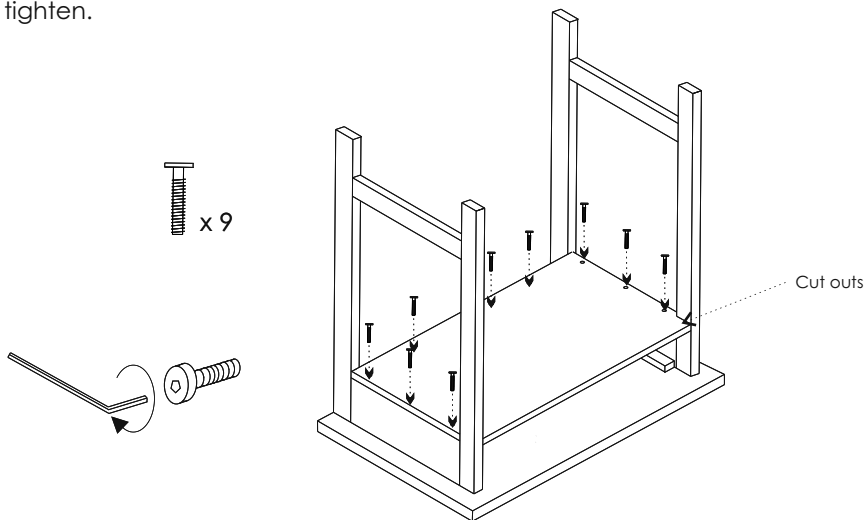

Gently invert the desk top onto the floor making sure that you PROTECT the top. Now carefully lift the desk frame onto the top and align the 6 holes. Now insert a bolt through each hole and connect into the metal inserts fitted in the top part, rotate to tighten.

Fit the base

9 x bolts

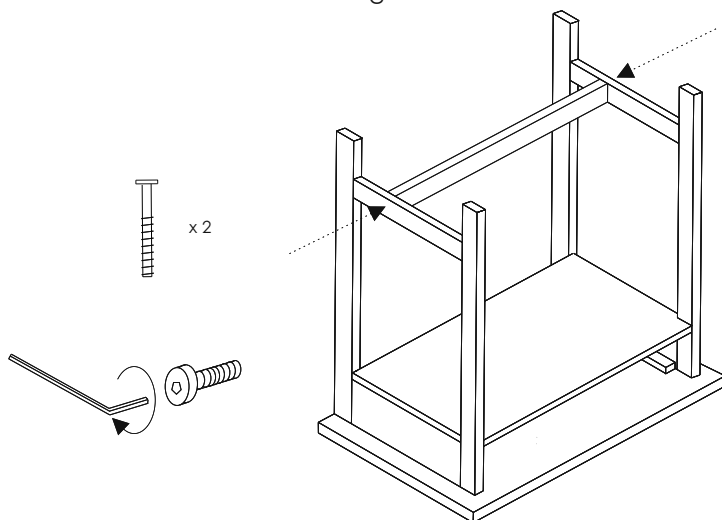

Orientate the base within the desk, noting that the cut outs are towards the front of the desk. Now align the 9 x holes and connect together using the 9 x bolts, rotate to tighten.

Fit the lower brace

2 x 5cm Screw bolts

Align the lower brace and connect using 2 x 5cm screws bolts.

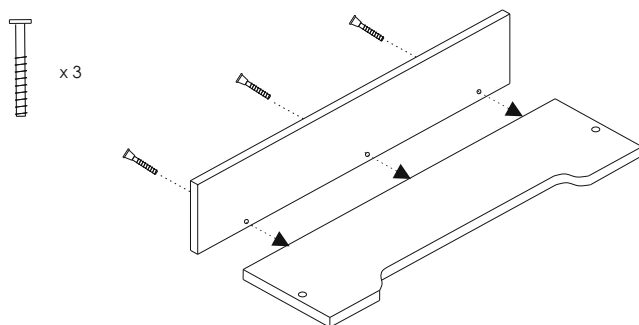

Now UPRIGHT the desk (two persons)

Make the lower shelf

3 x 4cm screw bolts

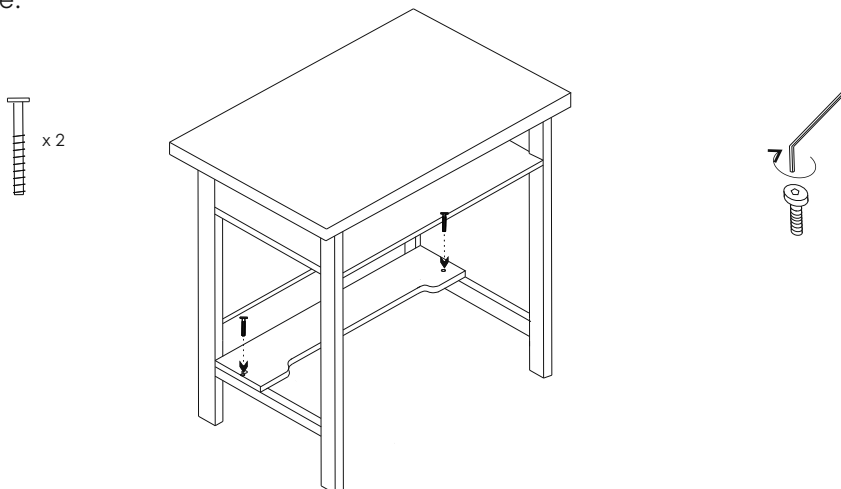

Select the lower shelf and back piece as shown. Now connect the parts together using the 3 x screw bolts.

Fit the lower shelf assembly

2 x 4cm screw bolts

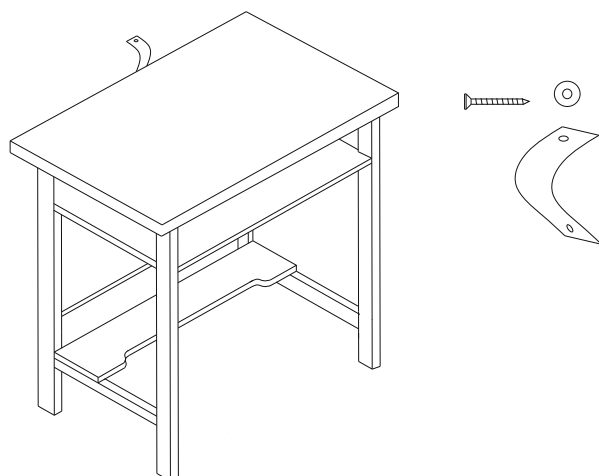

Gently lift the lower shelf assembly into the desk as shown. Now align the screw bolts to the holes within the desk frame and connect, tightening the bolts to secure.

Fit the wall strap

Wall strap kit.

Fit the strap to the rear of the desk using the screw provided, a bradawl could assist with generating a pilot hole to start the screw. Place the desk into the final position against a wall, now connect the wall strap to the wall.
