Taking care of your product

Your furniture should require no more than a regular dust off with a soft cloth. If the furniture is not painted then a superior wood polish can be used - but never use polishes containing silicone.

If necessary it can be cleaned with a damp cloth with a mild detergent solution - and then dried with a lint-free cloth. Never clean with abrasives or chemical cleaners.

Direct sunlight or heat from a radiator can stain, discolour warp or crack furniture.

We know furniture can be heavy but try not to drag furniture across the floor as this can damage it.

PRODUCT SAFETY

The recommended size of the mattress is 191cm x 90cm (6'3" x 3'0)

Periodically check all fittings to ensure that none have come loose.

Keep away from direct sources of heat, such as electric, gas or coal fires.

Do not allow children to Climb on the furniture.

Using this furniture other than for its intended purpose could cause damage to the structure or serious injury to your child.

The Bed should not be used if any structural part is broken or missing.

If you can manage it, please try to persuade your children not to bounce on the bed.

Warning: The child's bed should not be placed too close to other furniture or windows, blind cords, curtain pulls or other strings or cords, and should be placed either tight to any wall or have a gap of 300mm between the wall and the side of the bed.

Building the bed frame (Two people)

4 x 9cm bolts and 4 x barrel nuts

Build the bed with the parts positioned as shown. Locate the wooden dowels into the holes in the two bed frames. Insert a barrel nut into the hole at each end of the mattress rails, aligning it to connect to a long bolt fitted from the outside of the bed frames, rotate the bolts to tighten the bed frames.

Fix the mattress bases

34 x wood screws

Gently lay the mattress base out onto the support rails fitted to the inside of the bed. Stretch the base out so that the end slats are tight to the bed end frames. Now screw down every mattress slat making sure the bed remains parallel (some light pressure might be needed to push the siderail inwards at the middle of the rail)

Locate the bed into it's final position and fit the mattress onto the bed.

Please take a few minutes to look over the bed to ensure that the fittings are securely fastened and the product is stable.
